

HAPPY NEW YEAR!

Dear IPCC Supporters,

As we reflect on this past year, 2024 has been an extraordinary chapter for the Idaho Pediatric Cancer Coalition. Together, we've made an incredible impact on families across Idaho, thanks to our generous sponsors, devoted volunteers, and steadfast board members. It's your unwavering support that allows us to grow and reach those in need.

Thank You to our Donors

The contributions of our partners have been vital to our success. Jersey Mike's is a cornerstone of our efforts through ongoing partnerships and fundraising. We thank Ranguard Roofing, Frontier Pediatrics, Nicole Gabiola, and Title One for sponsoring the Twilight on the Terrace Soiree, and Con Paulos for title-sponsoring our annual golf tournament. Special thanks to Burley Kids Dental for organizing their annual golf tournament, which makes a significant impact. We also recognize community contributions: Desiree Hettinga for the "Egg My Yard" event, HeftySeed Company and Wiebe Land and Livestock for their donations, Magic Valley Medicine for a memorable Halloween party, the Women's Giving Connection for supporting care packages, and Body Balance and Idaho Power for their generous donations.

A Note to Our Board

This year has also been made possible by the dedication of our board members. Their tireless efforts and commitment ensure that IPCC continues to thrive, and I am honored to work alongside such an exceptional team. Thank you for your time, passion, and hard work, which keep us moving forward.

The Year Ahead

As we prepare our annual impact statement, We are proud to report that in 2024, IPCC assisted 44 families with \$214,148.77 in support, reflecting our community's strength and mission. Looking ahead, we invite you to join our monthly fundraiser at Pizza Pie Café on where mentioning IPCC will result in 25% of sales being donated to our cause. The date will be posted each month.

We Need Your Help!

As we grow, we face the challenge of meeting the needs of more families than ever before, and we need your help to keep up with this demand. There are *three* impactful ways to support IPCC in the coming year. 1. Consider making a direct donation to help provide essential resources to families. 2. Attend our events. 3. Hosting or organizing a fundraising event is another great way to engage your community while supporting our mission. Every effort, big or small, makes a difference.

Thank you for being part of the IPCC family. Your support has transformed lives, and we are honored to have you by our side as we step into another year of hope, care, and community.

With gratitude,
Brandon Cary

President, Idaho Pediatric Cancer Coalition
